

To Whom It May Concern:

Carten Controls Ltd., is offering a range of ultra high purity and high purity valve products at special discounted prices, available through our website www.cartencontrols.com . These products are available for a limited time at very competitive prices to all our customers, distributors and partners. There are some conditions of sale applicable to this list of products, which are detailed below.

Conditions of Sale:

- 1) All valves are available at the special discount US\$ list price subject to availability at the time of sale. All prices are quoted FOB Carten, Waterford, Ireland.
- 2) A 12-month warranty is applicable from the time of shipment for the valve products listed. Carten standard warranty terms apply.
- 3) Drawings detailing the configuration are available on line. Please click on the part number to show the link for each drawing. Pricing is available only for the configuration shown.
- 4) Products offered at the special discounted price based on immediate transfer of payment to Carten Controls Ltd., account. Product will not be shipped until payment has been received in full for the order. Contact the CCL sales team at sales@cartencontrols.com for account information.
- 5) Valve products are only available at the special discounted price for the configuration and quantity as shown on the list subject to remaining unsold. If additional quantities are required then the standard Carten list price will apply for all cases.
- 6) Full certification will be provided with each shipment.
